

'YOUR HOME FOR THE DAY'

'Welcome to Aswanley and the beautiful glen of Glass which has been our family home since 1932. We would like to extend our heartfelt congratulations to you on your engagement and we're delighted you are thinking of hosting your wedding here with us.

The mature and magical gardens and acres of picturesque grounds offer endless photography opportunities and flexible spaces for you and your guests to celebrate.

We have over 18 years' experience in the wedding industry and coupled with our incredible team - along with your imagination - we can turn your vision into a reality.'

*'We had the absolute best day we could have ever imagined!
Aswanley is a beautiful venue which you can make your own,

Rachael and her team were equally as impressive, nothing was ever

Aswanley feels like a family run venue rather than a business
and we are so glad we got to spend our wedding day there. Thank you!'*

RENEWABLE ENERGY

Aswanley values sustainability and environmental stewardship across the farm. Renewable energy heats the entirety of Aswanley Steading and house, here's how:

Timber from the surrounding farm is seasoned for at least 18 months and used to fuel the biomass boiler which is tucked away at Aswanley and generates heat to keep you and your guests cosy.

Hydro power is one of the most efficient and reliable renewable energy sources. We utilise the flowing water in the burn running past Aswanley and into the River Deveron to generate electricity for the venue and house.

The power of the sun is captured through an array of solar panels hidden away in the valleys of the steading roof. By converting sunlight into electricity we further reduce our carbon footprint.

HOW TO GET HERE
